Clean energy for the future

Presented by: Professors David Wilkinson and Steven Rogak

Join UBC's Clean Energy Research Centre Director David Wilkinson and Professor Steven Rogak for an evening of insightful discussion. They will provide an overview of the Clean Energy Research Centre at UBC and showcase a few examples of the leading-edge research taking place. They will also highlight successful industry partnerships and discuss opportunities for collaboration as we work towards a sustainable clean energy future.

Wednesday, March 9, 6-8pm, Vancouver Public Library, Alma VanDusen & Peter Kaye rooms
